

GUIDANCE MEMORANDUM

To: Contracted Wraparound Providers
From: Samuel Shea, Sr. Operations and Compliance Manager
Date of Memorandum: August 18th, 2026
Effective Date (If Different): N/A
Subject: Wraparound Services and Peer Billing Clarification

GOBHI has identified that there are varying interpretations related to billing for Peer provided services for youth and families enrolled in Wraparound Services. GOBHI, in alignment with the Oregon Health Authority (OHA) Behavioral Health Fee Schedule, requires peers to bill using H0038 or other codes indicated on the OHA BH Fee Schedule when peer services are provided in support of Wraparound members receiving Wraparound services.

Community Based Wraparound Services (H2021) identifies “Certified Wraparound Fidelity Programs” as the rendering provider type, however this code is not listed under the Peer Services section of the OHA BH Fee Schedule. GOBHI requires all peer provided services to be billed using codes listed under the Peer Delivered tab on the most current BH Fee Schedule (Attached).

For Wraparound team meetings or other similar services when the Wraparound peer, either family and/or youth peer, is in attendance with another organizational staff both staff members may bill **if** the multiple staff members provided a service during the meeting. All staff are required to document their participation and the service(s) provided during the meeting that is connected to the service plan and assessment, not solely document participation in the meeting or service.

If you have questions or need additional support please providerquestions@gobhi.org.

Thank you for your partnership and the work you do in supporting our members.

Sincerely,

Samuel Shea
Sr, Compliance and Operations Manager
